## JIMMY & THE MAGIC KEY

**BY XAVIER CARMONA, LLUIS VICIANA**

*Jimmy & the Magic Key* is a series of adventures which, besides sparking laughter, aims to give children a glimpse into the world of classical music and introduce them to the greatest works and most famous composers of all time.

To make this happen, the series revolves around our main character, the famous concert musician James Rhodes and, specifically, his animated alter ego, Jimmy.

Through his piano, which is also a time machine, Jimmy will travel back in time to all the capital cities, where he will meet the most influential figures of classical music and interact with them as they help him solve the conflict posed in each episode.
